PERGOLA® AWNINGS
Endless possibilities for your Home

www.sunairawnings.com

The PERGOLA® can be mounted to most walls and decks. The PERGOLA® can also be constructed as a free standing system on your deck or concrete pad. The systems are custom made to fit your space.

The SUNAIR® PERGOLA® awning system is the ultimate awning system for your patio space and is available in many models to best fit your needs. The durability of the PERGOLA® structure offers the convenience of a retractable awning roof, while offering protection from inclement weather like rain. It enables you to maximize and utilize your outdoor space.

Our systems are classic, modern and elegant. They can be fitted with LED lighting, heaters and roll down screens. This allows for extra weather protection and three season use with complete function and reliability.
