

Patio Variette®

Retractable Patio & Deck Awning

Patio Variette® offers the convenience of a retractable awning, yet the comfort and durability of a stationary awning. Now you can utilize your patio area during fierce mid day sun and inclement weather. The Patio Variette® is great for residential patios and decks. It is also ideal for smaller restaurant café patios.

Awning Style	Type	Standard Frame Colors	Standard Widths	Standard Projections	Recommend Application	Recommend Fabrics to Use
	Stationary Retractable Awning	White, Desert Ivory, Mocha, Brown, Grey, Taupe, Forest Green	Through 20'	6', 8', 10', 12', 13'	Patios, Decks, Small Commercial Patios	Para, Sunbrella & Dickson

DESCRIPTION:

The Patio Variette® is a gravity rolling system with a fixed framework for small decks or patios.

MEASURING:

The roller assembly of the Patio Variette is similar to the lateral arm awning bracket system (AU10 & AU16C). The width is measured the same way as a lateral arm awning. The projection is not critical. For proper water drainage the pitch has to be a minimum of 2 1/2" per foot of projection. The projection ordered actually constitutes the slope. The front height should be a minimum of 7 feet for appropriate clearance. The posts cannot exceed 8 feet.

Note:

Larger areas can be covered by coupling units together.

The Patio Variette® hood is the same as the lateral arm awning.

Motor is not available with the Patio Variette.

PRODUCT FEATURES:

- Protects against sun, rain, and inclement weather
- Keeps deck and patio cool
- Ideal for smaller residential patio areas
- Great for smaller restaurant dining areas
- Manual hand crank operation
- Hundreds of fabric colors to choose from
